Date: May 18, 2014

Prepared  
For: Client

Please see the below proper installation procedure for the lanyard whip safety restraint whip checks for high pressure hoses .

1. FIRST PICTURE IS OF JUST THE EYE

2. SECOND PICTURE IS THE FIRST "TWIST"

3. THIRD PICTURE SHOWS THE BODY OF THE RESTRAINT BEING PULLED IN THROUGH THE EYE.

4. FINAL PICTURE IS WHAT IT SHOULD LOOK LIKE WHEN PROPERLY INSTALLED WITH THE RUBBER GROMMET, SUCKED UP TO KEEP IT IN PLACE.
